PROFILE + OBJECTIVE

I'm a well rounded, multi talented, award winning industrial designer from Grand Rapids, Michigan who's ready to take my career to the next level in a new location.

Obtain a position as an industrial designer that enables me to engage and collaborate in a professional environment where I can utilize and advance my skill set. I love designing, creating, and seeing my creations come to life.

WORK EXPERIENCE

- | | |
|---|--|
| May-2018
Present | TentCraft: Industrial Designer
Designed and developed new products to help the company scale, grow, and pivot into new markets. Created marketing visuals/online visual content. Aided in client brand activation renderings. Rapidly designed products allowing TentCraft to pivot during the COVID-19 pandemic. Quick deploy structures for medical screening and containment. |
| August-2017
April-2018 | Britten Studios: Industrial Designer
Designed/Created large props, signs, and structures for the activations industry. Designed the Denver Broncos entrance tunnel and many other large installations for events. |
| May-2013
August-2017 | Octane Product Design: Industrial Designer I and New Accounts Coordinator
Photoshop sketching/rendering, and digital modeling for Octane's clients. (Bissell, Stryker, Sassy Baby Toys, and more) |
| May-2012
May-2013 | Bissell Homecare: Industrial Design Model Shop Intern
Year long internship aiding the design team with scale, form, and function models. Participating in design critiques and managing model shop projects. |
